RE: Packsaddle Properties, LLC application to IDWR Water Bank

Dear Mr. Marshal:

Harvey Walker has spoken to the water master about the diversion of water to the Packsaddle property and he indicated that no records are kept on the diversions once the water leaves the creek. I have spoken with Fall River Electric, the power provider to the agricultural well on the property, and according to their records that go back to April of 2002 the well was used from June 2002- October 2002 and then the power was disconnected in November of 2002. Their records did not reflect any other usage until May 2007 when Packsaddle Properties reconnected the power to the well.

Please do not hesitate to contact me if you have any further information that you require.

Sincerely,
JORGENSEN ASSOCIATES, P.C
