Hello Dan,

Good to hear that this one is moving forward.

Ron Walsh, Manager for Land Associates, signed this transfer application.

Please let me know if you need anything further.

Regards,
Scott

Subject: Land Associates Transfer

Hello Scott,

I am working on the Land Associates Transfer, and everything appears to be in order except for one thing. The transfer was signed by someone, but I can't read the signature and there is no designation of their position in the company. Could you please send me an email or letter telling me who signed the application and their title in the corporation?

Thank you
