CONDITIONS OF APPROVAL

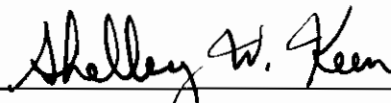

1. Proof of application of water to beneficial use shall be submitted on or before **October 1, 2009**.
2. Subject to all prior water rights.
3. Project construction shall commence within one year from the date of permit issuance and shall proceed diligently to completion unless it can be shown to the satisfaction of the Director of the Department of Water Resources that delays were due to circumstances over which the permit holder had no control.
4. Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code and applicable Well Construction Rules of the Department.

State of Idaho
Department of Water Resources
Permit to Appropriate Water

NO. 95-09395

5. This right authorizes the diversion of ground water within the Rathdrum Prairie Ground Water Management Area (RPGWMA). Use of water under this right shall be subject to the provisions of the management plan approved by the director for the RPGWMA.
6. When notified by the Department, the right holder shall install and maintain a measuring device of a type acceptable to the Department as part of the diverting works.
7. When notified by the Department, the right holder shall record the quantity of water diverted and annually report diversions of water and/or other pertinent hydrologic and system information as required by Section 42-701, Idaho Code, and/or the management plan for the Rathdrum Prairie Ground Water Management Area.
8. Commercial use is for back-up water supply for Kootenai Medical Center.
9. If use of the municipal water rights available to this place of use are discontinued voluntarily by the right holder, this right shall not be used as a primary source of water for the hospital.
10. The right holder shall make full beneficial use of all municipal water rights available to this facility. The right holder shall limit the diversion of ground water for commercial use under this right to those times when the municipal water supply is not available.
11. Prior to the diversion and use of water under this approval, the right holder shall comply with applicable water quality permitting requirements administered by the Department of Environmental Quality or the Department of Agriculture.
12. In connection with the proof of beneficial use submitted for this permit, the permit holder shall also submit a report showing the total annual volume of water delivered from the municipal provider and used by Kootenai County Medical Center during the authorized development period.

This permit is issued pursuant to the provisions of Section 42-204, Idaho Code. Witness the signature of the Director, affixed at Boise, this 19th day of October, 2007.

RE: Permit No. 95-9395

Permit Approval Notice

Dear Permit Holder:

The Department of Water Resources has issued the enclosed permit authorizing you to establish a new water right. Please be sure to thoroughly review the conditions of approval and remarks listed on your permit.

The permit is a PRELIMINARY ORDER issued by the Department pursuant to Section 67-5243, Idaho Code. It can and will become a final order without further action by the Department unless a party petitions for reconsideration or files an exception and/or brief within fourteen (14) days of the service date as described in the enclosed information sheet.

As a permit owner you must commence the excavation or construction of the diverting works within one year of the date the permit was issued, and you must proceed diligently until the project is completed. The date shown under condition no. 1 is the date when the project must be completed.

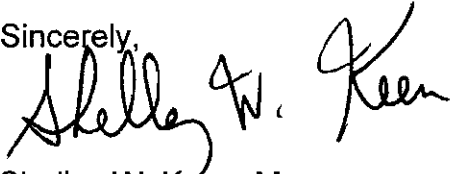

The Department will send you a 'Proof Due Notice' approximately 60 days prior to the above referenced date requesting you to file either a Proof of Beneficial Use form or a Request for Extension of Time form.

The right to drill a well is not a part of this permit to appropriate water. Beginning in July of 1987, a statute was enacted which requires a drilling permit for new well construction and deepening of existing wells. If the well(s) proposed for use under this water right permit were drilled or deepened after July 1, 1987, a separate drilling permit must be obtained from this Department. Please contact the Ground Water Protection Section located here at this office or our regional office nearest you.

Also, please note that water right owners are required to report any change of water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

If you have any questions, please contact me at 208-287-4947.

Sincerely,

A handwritten signature in black ink that reads "Shelley W. Keen". The signature is written in a cursive, flowing style.

Statement of Available Procedures and Applicable Time Limits

RESPONDING TO PRELIMINARY ORDERS ISSUED BY THE IDAHO DEPARTMENT OF WATER RESOURCES (To be used in connection with actions when a hearing was not held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "Preliminary Order" issued by the department pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Re: Condition Explanation

Since this right is supplemental to the medical center's city water, condition #12 was added to provide an understanding of the volume the center is using, so at licensing a combined use volume can be established.

I anticipate licensing this right to say that the volume provided by the municipal provider combined with the volume diverted under this right for commercial purposes shall not exceed the volume provided by the municipal provider. That gives the right holder the option to use one source or the other, but not both, which should prevent enlargement.

Several overlaps w/ the city water supply. Applicant asserts this use will be for irrigation and make-up water for boilers and cooling towers, and back-up when city water not available.

PWS# 1280326

This permit cannot be approved as a municipal use since they are not distributing water to other users, rather they are using the water for themselves. Permit will be issued as commercial use with a separate irrigation component.

RE: Application for Permit No 95-9395

Dear Applicant(s):

The Department of Water Resources acknowledges receipt of your water right application. Please refer to the above referenced number in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the Coeur d'Alene Press on July 5 & 12, 2007. Submittal of protests to this application will be allowed for a period ending ten days after the second publication.

If the application is protested you will be sent a copy of the protest(s). All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our State Office in Boise for final processing. The State Office will notify you of any action taken on the application and will send you a copy of the permit if approved. A typical processing time for an unprotested application is about eight to twelve weeks.

Please feel free to contact this office if you have any questions.

Sincerely,

Keith E. Franklin

Re: Application For Permit to Appropriate the Public Waters of the State of Idaho

Dear Mr. Gordon:

The Idaho Department of Water Resources is in receipt of Kootenai Medical Center's application however; additional information needs to be submitted before processing can begin.

Please supply the following information:

1. Since the Center is applying for a municipal water right, a copy of the Centers articles of formation, as registered with the Secretary of State, will be needed, including a list of the current officers and their phone numbers.
2. Municipal water rights also need a public water supply number (PWS #) issued by the Idaho Department of Environmental Quality.
3. A map showing the outline of the municipals boundary. A map outlining the centers complex would be sufficient.

Once the department receives the requested information, processing can commence. If you have any questions, feel free to contact me at this office,

Sincerely,

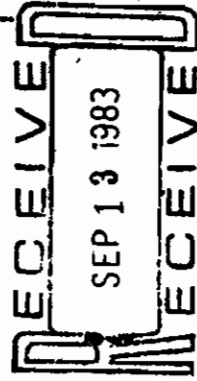

Keith E. Franklin
Senior Water Resources Agent

Order Establishing
Kootenai Hospital
District:

RECEIVED
JUN 13 2007
IDWR/North

At this time, the Board of County Commissioners canvassed the votes cast for the creation of Kootenai Hospital District, held February 16, 1956, with the results 2918 for organization, and 2137 against organization.

A petition having been filed with the Clerk of the Board of County Commissioners of Kootenai County, Idaho, on October 24, 1955, proposing the organization of a hospital district to be known as the Kootenai Hospital District and containing the names of more than ten per cent of the qualified electors and taxpayers within the proposed district; a hearing having been held on said petition on November 28, 1955 and proponents and opponents having appeared and been heard upon the said petition and the Commissioners having determined on November 28, 1955 that the petition should be granted and fixing the boundaries of the said district, and entered an order calling an election to be held on February 14, 1956; and having caused notice to have been given as provided by Idaho Session laws 1955 Chapter 184; Section 5 Page 376, and having established the election precincts by order of the Board of County Commissioners of December 27, 1955 as the same as the precincts used in the General Election, and said election having been held on February 14, 1956 and conducted in accordance with the General election laws of this state, and the said Board of County commissioners having canvassed the votes cast at said election on February 16, 1956, and it appearing therefrom that 2918 votes were cast in favor of said district and 2137 opposed and, further, that more than one-half of the votes at said election were Organization of Kootenai Hospital District "yes",

It is hereby ordered that the County of Kootenai, being the territory as provided by Section 21-130 Idaho Code, be and is hereby declared organized as a hospital District to be known as Kootenai Hospital District.

Dated this 20th day of February, 1956.

NOTICE OF DECISION

On OCTOBER 10, 2006, the City of Coeur d'Alene Planning Commission held a public hearing and decided the following:

ITEM V-4-06

By a vote of 5-0, approved the request of Michael R. O'Malley for approval of a 21 foot height variance from the allowed height of 62 1/2 feet for non-residential uses in the C-17L (Commercial Limited at 17 units/acre) zoning district for property legally described as a tract of land in the in Northeast 1/4 of Section 11, Township 50N, Range 4W, BM, Kootenai County, Idaho; **more commonly known as the Kootenai Medical Center at 2003 Lincoln Way.**

This request would allow the expansion and construction of three additional parking levels to the existing parking garage to a height of 83 feet 2 inches.

Pursuant to Section 17.09.615.B of the Municipal Code," the determination of the Planning Commission shall become final ten days after the decision has been published in the official newspaper, unless it is appealed to the City Council."

Any resident of the City of Coeur d'Alene, any person with an interest in real property in the City of Coeur d'Alene, or any person with an interest in real property located within 300 feet of the external boundaries of the property being considered may file an appeal of the Planning Commission's decision to the City Council. An appeal of the above decision must be filed in writing with the Planning Department by **OCTOBER 24, 2006**, and be accompanied by a \$200 filing fee.

The Planning Commission's minutes, findings and order, and other information are available through the Planning Department at 769-2240.

Subject: Well Application

Kootenai Medical Center is trying to be proactive in preparing for a disaster situation. Water is a major part of our operations.

Our intent is to develop a well on our campus that would be used daily for make-up water for our boilers and cooling towers and to run our irrigation system during the summer months.

During a disaster, when we could not obtain water for domestic use through our existing connection with the City of Coeur d'Alene, we would use the well water to support our facility's needs.

We have held several discussions with Jim Markley, the City of Coeur d'Alene's water superintendent, and he agreed to support this project.

We would develop an agreement with the City of Coeur d'Alene to have their certified technicians maintain and test this well, insuring all requirements are being met.

Please review this application, and then contact me at 929-2024. I'm also available to answer any questions you may have.
