Re: *Change in Ownership for Water Right 29-11658*

Dear Ms. Block:

Enclosed please find the Deed Conveying Property to myself and my wife. Selznicks executed this Deed. I am having a difficult time determining where Selznicks water right would have been located. My property has a creek that flows through the north-east corner of the property. That creek is certainly a place where stock have traditionally been watered. This is on the west fork of Rapid Creek. I am wondering if there has been some confusion as to the location of where the water was used. In order to resolve this issue, it may actually be necessary for us to do an on site inspection of the property. I am happy to do that with any of your representatives.

Sincerely,

REED W. LARSEN
