RE: Change in Ownership for Water Rights 29-11657/29-11658

Dear Mr. Larsen:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership. Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

X Legal Description of Property

During our review of the documentation you submitted we found some discrepancies between that documentation and the legal description of the place of use for the water right(s) indicated in your notice. I have enclosed a copy of the water rights for your reference. You will note that the Township, Range and Section description of your Warranty Deed match the decreed water rights but the quarter-quarter information does not. The water rights are for **SWSW** and your deed is for land in the **East half of the SE.**

Because the Department cannot process the ownership change without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information **within 30 days** we will return your notice and all attachments and your notice will not be processed.

If you have any questions regarding this matter, please call me at 208-287-4952.

Sincerely,

Kari Lynn Townsend
Secretary
