

MEMORANDUM

DATE: October 18, 2007

TO: Water Right File 27-7420

FROM: Shelley W. Keen 

RE: Nature of Use

Permit 27-7420 is for municipal use because it is owned by the City of Shelley, not because it is part of the system for distributing water to the patrons throughout the city. The actual purpose described in the application is more accurately characterized as domestic use. Therefore, the license has been issued for domestic use. An amendment of permit was not required because the intended use did not change, IDWR just decided to call it something different.
