

MEMORANDUM

Date: October 16, 2007
To: Water Right File 43-13518
From: cpadilla
Re: Permit Review

WD-43C

No protests or overlaps

Application is for an in-stream stockwater pond. Site visit by regional staff indicates there will be a sufficient supply of water to provide for 0.2 af of storage.

This is approvable despite the moratorium since it is minimally consumptive.

Recommend for approval as suggested by the region.
