RE: Change in Ownership for WR Nos. 65-4473 & 65-7108

Dear Interested Party:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership. Our review of your notice indicates that additional information is required before we can process the change.

During our review of the documentation you submitted we found some discrepancies between that documentation and the legal description of the place of use for the water right indicated in your notice. I have enclosed a copy of the water right for your reference. The property as described on the deed is located north and east of Hwy. 95. Water Right No. 65-4473 is located south and west of Hwy. 95.

Because the Department cannot process the ownership change without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days, we will return your notice and all attachments and your notice will not be processed.

The documents submitted were adequate proof of ownership for WR #65-7108. The department has modified its records to reflect the change in ownership and has enclosed a computer-generated report for your records.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: [www.idwr.idaho.gov](http://www.idwr.idaho.gov).

Please feel free to contact the Department if you have any questions.

Sincerely,

Emalee Rushing  
Technical Records Specialist
