Re: license review

While reviewing this file for licensing, I found the following worth noting:

Neither the POD nor the POU shapes had been created prior to my review. I created them based on the field exam notes and map.

I called the Kootenai County assessor for help determining the place of use for this water right. The Assessor's office told me that there was a flag on the Paupst file indicating that this was no longer an active parcel. It may have been subdivided or absorbed by adjacent property.
