PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 67-14878

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form (proof) submitted for the above referenced permit. During my review of your proof and the conditions of this permit, I found that this permit covers only domestic use. Under a domestic use you are allowed to irrigate ½ acre or less and have stockwater uses. This permit does not provide you with 4 acres of irrigation. Therefore, you must have another means of irrigating the 4 acres, possibly a canal or irrigation company.

The next step in the process of developing a water right is for the department to contact you to schedule a field examination to determine and confirm the use of the water, and that it meets the permitted beneficial use.

Also, be advised that Section 42-248, Idaho Code requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office or from the department's website at idwr.idaho.gov.

If you have questions concerning the field examination or the conditions of the permit, please contact the Western Regional Office of the department in Boise at (208) 334-2190.

Sincerely,

Deborah J. Gibson
