RE: Change in Ownership of Water Right 36-8172

Dear Interested Parties:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership. Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

 X Legal Description of Property

During our review of the documentation you submitted we found some discrepancies between that documentation and the legal description of the place of use for the water right(s) indicated in your notice. The water right license includes **2 acres in NWSE** and **5 acres in SWSE** in addition to the lands described in your deed. I have enclosed a copy of the water right for your reference. Please furnish our office with proof of ownership of these 7 acres so that we may complete the processing of your request. If these 7 acres are still owned by the sellers it will be necessary to split the water right and an additional **\$75.00** filing fee will be required.

Because the Department cannot process the ownership change without proper documentation or fees, we will hold any action on your notice pending receipt of the necessary information and/or fees. If we do not receive the necessary information and/or fees within **30 days** we will return your notice and all attachments and your notice will not be processed.

Please note that water right owners are required to report any change in water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage (<http://www.idwr.state.id.us>) on the Internet to obtain the proper forms and instructions.

If you have any questions regarding this matter, please call me at 208-327-7941.

Sincerely,
