

MEMORANDUM

TO: File 47-17441 St Lukes Regional Medical Center

FROM: Pam Skaggs 

SUBJECT: Supplemental Use with Municipal Rights

DATE: August 31, 2007

=====

This permit is to provide an alternate source of water for a hospital in the event that the municipal water is not available or temporarily interrupted. In order to verify that the right holder conforms to the proposed alternate use, and to identify the extent of use during the development period the following conditions should be applied.

For each year until proof of beneficial use is submitted in connection with this right, the right holder shall record when water is diverted from the well under this right and the total quantity of water diverted annually. A written report of this data shall be submitted to the Department when proof of beneficial use is submitted.

If use of the municipal water rights available to this place of use are discontinued voluntarily by the right holder, this right shall not be used as a primary source of water.
