

MEMORANDUM

Date: September 14, 2007
To: Water Right File 96-9180
From: medl
Re: note to file

While preparing the license I found the following items worth noting:

Block 2 lot 2 and block 2 lot 3 of the Woodland Trails Subdivision have a shared well located on block 2 lot 3 . Easement was granted from the servient estate (property owner of lot 3) to the dominant estate (property owner of lot 2.)

The beneficial use field exam placed the both the POD and the POU on the north side of Cabinet Wagon Road but I found that they were located on the south side of the road.

I was unable to locate the electronic shape files previously created. But a scanned image for those shapes were available in the vault file for this water right. I created new POD and POU shapes based on that scanned image.

The servient estate, containing the shared well, has a new owner since the permit was submitted. The dominant estate is for sale at the time of this memo and I believe that the dominant estate has had a new well drilled.
