Re: Permit Review

WD-none

No Protests

Overlaps with 67-10917 for domestic use. Applicants lot is 3 acres so the acre of irrigation under this permit and 1/2 acre under the domestic use is acceptable.

The legal description under 67-10917 matches up to what applicant has on application. Arcview map is not clear on what the actual legal is, so going by what application says. Can be confirmed at field exam.

This permit is outside minimum stream flow reach, so condition 007 doesn't apply.

Recommend for approval as suggested by the region.
