To Whom It May Concern:

We are sending in the paperwork and the fee for the permit number. At the time of our resubmission, the well pump and motor have failed and we are in the process of having them refurbished and should have the well back online in the first quarter 2007. I am sending in the fee and paperwork ahead of time in anticipation of that date. Please feel free to contact me if you have any questions regarding this application.

Sincerely,

Barney Metz
