Dear Mr. Kallas:

Thanks for the information provided in our last telephone conversation. I am planning to conduct a water right Field Examination for Permit No. 95-08457 during September 2007. The Exam is needed to verify your water use in order to issue a water right license. It has come to my attention that an address change or change in ownership may have occurred for the property where water use was to occur.

Enclosed are Assignment of Permit, Address Change, and other forms for your convenience. Forms should be completed, notarized, and mailed to the IDWR Northern Region office in Coeur d'Alene, Idaho if you are now the owner of Permit No. 08457 and/or other water rights held by Marvin K. Willadsen. Please note that there is a \$25 fee for the Assignment of Permit. I have also enclosed information about the upcoming North Idaho Adjudication.

Please be advised that Section 42-248, Idaho Code, effective on July 1, 1996, requires you or the owner of Idaho water rights to maintain current ownership and address records on file with the Idaho Department of Water Resources (IDWR). Forms to file a change of ownership of a water right and/or a change in the address of a water right owner are available from any IDWR office. The forms are also available on the Internet at <http://www.idwr.idaho.gov/>.

Please contact me to schedule a Field Exam at the Permit No. 95-08457 property, if we have not already set an appointment by telephone, to clarify any address or ownership changes that may have occurred. The water system must operate under normal conditions during the Field Examination.

Please contact me at (208) 762.2816 or via e-mail at Shaun.Maxey@idwr.idaho.gov if you have any questions.

Respectfully,

Shaun M. Maxey
