RE: FRAZIL ICE REPORT

Dear Mr. Cuddy:

Per our telephone conversation on the above date, I am returning the Frazil Ice report composed by Gregg Teasdale. The report was sent to our office in error. The Idaho Department of Fish and Game (IDFG) is the agency that raised the concerns about the Frazil Ice issue, so they are the only agency that can address those concerns and review this report. Our office has no one that can interpret or speak to the issues raised by IDFG, so it is unnecessary for us to have or keep a copy of this report.

Through the conversations I have had with Mr. Teasdale, I was under the impression that he was aware that the questions raised in Cindy Robertson's 8/30/2006 letter, would need to be addressed directly to IDFG. I apologize for any confusion that may have arisen. Due to this confusion, our office will grant you an additional 60 days to resolve these issues with the IDFG. All our office will need from you is a letter from IDFG that you have addressed all their concerns, and that they are not opposed to the approval of your application.

Please supply the correspondence required from IDFG by 7/9/2007. If you have any questions or concerns please contact me at the above address.

Respectfully,

Daniel A. Nelson
Sr. Water Right Agent
