RE: CARL SMID APPLICATION FOR PERMIT

Dear Mr. Semanko:

I have received your request for additional time to supply the needed information from the Idaho Department of Fish and Game concerning the Carl Smid application for permit.

I contacted Ms. Robertson and was told that Fish and Game's response should be completed by no later than 7/20/2007. Ms. Robertson also stated that your discussions with her last week was the first contact she could remember having concerning this matter since the 2006 meeting she had with your client's consultants in our office.

I have discussed this information with my regional supervisor, and he has agreed to grant your client an additional 14 days to supply the needed information. This will be the last extension that we will be able to grant on this application. If the needed information is not received by 7/31/2007, our office will return the application for permit. If the application is returned, you will be able to re-file the application, and start the application for permit process in the order that it is received.

If you have any questions or concerns please contact me at the above address.

Respectfully,

A handwritten signature in black ink, appearing to read 'Daniel A. Nelson', with a long, sweeping horizontal line extending to the right.

Daniel A. Nelson
Sr. Water Right Agent
