Subject: Stanger 45-2311

Hi Debbie,

Leo Stanger dropped in today to discuss the resumption form and the replies back and forth. My conclusion from what he said is that he actually didn't need to get an extension of time to avoid forfeiture in 1996. His well collapsed in 1991 and he got a drilling permit in 1993 to repair it. He said that a pump was installed in 1994 and he has used water from the well since. One thing that may have complicated matters is that until a couple years ago (if I understood correctly) he also used waste water from Milner Irr. Dist., and through the auspices of Southwest Irr. Dist., so he had less GW use in the Artesian City CGWA. It appears that the SW use isn't used anymore.

To facilitate processing the resumption I told him to write a date more recent than 1996. He is going to drop it in the mail today - you should get it pretty quickly.

Doug
