RE: Water Right No. 45-02311

Dear Permit Holder(s):

RESUMPTION OF WATER ACKNOWLEDGEMENT

The department acknowledges receipt of the statement of resumed beneficial use of water submitted in connection with the above referenced water right. However, according to the question: "Show the date water use will be or was resumed under this water right," you answered 1994. Which conflicts with the last date of use of ground water (1991) shown on the application you submitted on September 17, 1996. Please clarify whether you have resumed use of water from your well for irrigation purposes and when the use was resumed. I am enclosing a copy of your Resumption of Use form for your convenience in making changes to. Please return the amended form to my attention.

Section 42-222.2, Idaho Code, authorizes the Department to grant only one five (5) year extension of time to avoid forfeiture, it is essential that you use the water as authorized by the water right without a five year period of non-use.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Please contact any office of the department for the proper form to file a change of ownership of a water right and/or a change in the address of the owner.

If you have any questions regarding this matter, please contact me directly at (208) 327-7953.

Sincerely,

Deborah J. Gibson
