RE: ADDITIONAL TIME REQUEST FOR APPLICATION 63-32423

Dear Ms. Brastrup:

Your request for additional time to supply information regarding the applicant's possessory interest in the property and financial resources to complete the project has been granted.

However, the information that you submitted suggests that the application might need to be in the name of United Water Idaho, since they will be the proposed entity to be listed with the Public Utility Commission as the Municipal Provider. At this time, I would leave the applicant name as JMM Dry Creek LLC, but you will want to ensure that the application is assigned to the entity that will be municipal provider as soon as all the necessary approvals and agreements have been approved.

Please submit the requested information to allow final evaluation of your application to be completed. You may seek additional time to provide the information by making a written request to delay or interrupt processing. **Your written response including the requested information, or a request for more time to seek the information must be received by September 28, 2007.** The application will be voided or returned without a timely reply.

If you have any questions or concerns please contact me at the above address.

Respectfully,

Daniel A. Nelson
Sr. Water Right Agent
