RE: Water Right Application 02-10334

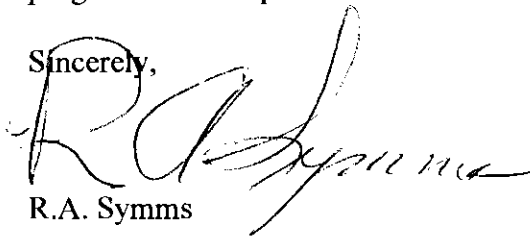

Dear Mr. Lester,

I write to ask for your consideration on water right 02-10334. This is for property in Owyhee County adjacent to farm land which we presently farm.

The pump station in Snake River is there, and has been since 1967, so no additional construction will be required at the river. However, we would like to plant fruit trees on this property. I need to order the trees, and extend the mainline this fall so that I can plant in March of 2008.

Anything you can do to expedite this application will be appreciated, and will allow us to progress with our plans to raise fruit on the property.

Sincerely,

R.A. Symms
