Re: Licensed Water Right 36-8536

Dear Mr. McFadden:

We have been advised that you may be the current owners of a portion or all of the property that has been licensed as referenced above. A copy of the water right license is enclosed for your information and convenience.

At the time the "Proof of Beneficial Use" form was returned, an "Assignment of Permit" should have been included. Entering a different name on the "Proof of Beneficial Use" form does not, in itself, change the name or ownership for the Permit. Before we can modify our records to reflect your ownership of the property and the water right referenced above, and because it is now a license, we need to have a "Notice of Change In Water Right Ownership" form completed and returned, with the appropriated support data and filing fee. I have enclosed a copy of this form and instructions for your convenience. I have also included the latest correspondence regarding rescinded Curtailment and mitigation issues for this right.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

If you have any questions regarding this matter, please contact the Department or Regional Office.

Sincerely,

Christine Roberts
