Re: Water Right No. 63-09341

Dear Shelley:

Per our conversation of June 6, enclosed are the following:

1. Signed application for amendment (for licensing purposes) related to the above-referenced water right;
2. State warrant for the application fee; and
3. Copy of the draft of water right license for water right number 63-09341.

Pursuant to prior conversations with both you and David Stanish, I understand that this documentation will allow IDWR to complete the process necessary to license the above water right in accordance with the draft referenced in item 3 (i.e., we'll be done).

If there is anything else that the Department of Administration needs to do or will need to do, or if there is any additional documentation you need, please advise.

I want to thank you on behalf of the Department for your continued assistance in this matter. We sincerely appreciate the work and cooperation of both you and IDWR throughout.

Very truly yours,

JOANNA L. GUILFOY
Deputy Attorney General
