If the right is not recorded in the name of the seller/lessor, attach a copy of a change of ownership form as required by Section 42-248 or 42-1409(6), Idaho Code, together with required documentation.

Attach watermaster records, pumping power bills, or other evidence to demonstrate that the right has not been lost through abandonment or forfeiture. (This information is not required if a partial decree has been issued on the right within the last 5 years).

This right has not been used in the past five years, but a 5-year extension of time to avoid forfeiture was filed. The extension was approved until 9/1/2006. The water right was in the Water Supply Bank for the 2006 irrigation season.

- f. If the right to the use of the water or the use of the diversion works or irrigation system is represented by shares of stock in a company or corporation, or if such works or system is owned or managed by an irrigation district, a written consent of the sale or lease must be attached.

4. REMARKS:

This lease is under the Columbia Basin Water Transaction Program. The intent of the program is to
increase flows for anadromous and resident fish. This includes leasing water by the landowner and
subsequent rental by the Idaho Water Resource Board through the Idaho Water Supply Bank.

5. SALE/LEASE AGREEMENT

1. The water right, or portion thereof, described above is offered to the Idaho Water Resource Board:

_____ For sale;

 X For lease for a period from 05/01/2007 to 09/30/2007

I hereby assert that the information contained in this application is true to the best of my knowledge, and that I have the authorities necessary to offer this right for sale or lease to the Idaho Water Resource Board.

The owner/lessor acknowledges the following:

1. Payment to the owner/lessor is contingent upon the sale or rental of the right from the bank.
2. While a right is in the bank, the owner of the right may not use the right even if the right is not rented.
3. A right accepted into the bank stays in the bank until the Board releases it or until the lease term expires.
4. While a water right is in the bank, forfeiture provisions are stayed.
5. Acceptance of a right into the bank does not, in itself, confirm the validity of the right or any elements of the water right.
