If the right is for irrigation, show the number of acres for the part of the right to be put into the bank.

Total number of acres 45

3. ADDITIONAL INFORMATION ABOUT RIGHT, OR PORTION THEREOF, FOR SALE OR LEASE

- a. Explain how the seller/lessor acquired the right, or portion thereof, and attach a copy of the deed to the land to which it is appurtenant or other evidence of ownership of the right. If the right is not recorded in the name of the seller/lessor, attach a copy of a change of ownership form as required by Section 42-248 or 42-1409(6), Idaho Code, together with required documentation.

Water right was acquired through purchase of land. Attached is a copy of the IDWR Water Right Proof Report, which shows ownership.

---

---

---

- b. Describe the frequency of water use under the right, or portion thereof, during the past five (5) years of use. Attach watermaster records, pumping power bills, or other evidence to demonstrate that the right has not been lost through abandonment or forfeiture. (This information is not required if a partial decree has been issued on the right within the last 5 years).

       This right has not been used in the past five years, but a 5-year extension of time to avoid forfeiture was filed. The extension was approved until 9/1/2006. The water right was in the Water Supply Bank for the 2006 irrigation season.

---

---

- c. If the right is from a surface water source, describe the period of the year that water is typically available to satisfy the right.

05/01 through 09/30

- d. Describe any other water rights with the same purpose and place of use as the right, or portion thereof, offered for lease. Will the present place of use continue to receive water from any source? If so, describe.

71-69 will also be placed in the Water bank. It has the same purpose and place of use as 71-64A.

- e. If the water right is a permit, describe the work accomplished toward developing the right.

- f. If the right to the use of the water or the use of the diversion works or irrigation system is represented by shares of stock in a company or corporation, or if such works or system is owned or managed by an irrigation district, a written consent of the sale or lease must be attached.

4. REMARKS:

This lease is under the Columbia Basin Water Transaction Program. The intent of the program is to increase flows for anadromous and resident fish. This includes leasing water by the landowner and subsequent rental by the Idaho Water Resource Board through the Idaho Water Supply Bank.

5. SALE/LEASE AGREEMENT

1. The water right, or portion thereof, described above is offered to the Idaho Water Resource Board:

\_\_\_\_\_ For sale;

  X   For lease for a period from   05/01/2007   to   09/30/2011    
(Day, month, year) (Day, month, year)

(The lease period may be shown as "indefinite", if the total duration of lease is unknown); or

\_\_\_\_\_ As a gift to the state of Idaho.

2. Show the minimum payment acceptable to the Seller/Lessor. Include the method of determining the minimum payment. The minimum payment may be shown as the "current rental rate".

  \$2250 or 45 acres x \$50 per acre per year (value of irrigated pasture in the Stanley Basin). CBWTP will cover additional transaction costs  

**I hereby assert that the information contained in this application is true to the best of my knowledge, and that I have the authorities necessary to offer this right for sale or lease to the Idaho Water Resource Board.**

The owner/lessor acknowledges the following:

1. Payment to the owner/lessor is contingent upon the sale or rental of the right from the bank.
2. While a right is in the bank, the owner of the right may not use the right even if the right is not rented.
3. A right accepted into the bank stays in the bank until the Board releases it or until the lease term expires.
4. While a water right is in the bank, forfeiture provisions are stayed.
5. Acceptance of a right into the bank does not, in itself, confirm the validity of the right or any elements of the water right.
