PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 75-14311

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form (proof) submitted for the above referenced permit. The next step in the process of developing a water right is for the department to contact you to schedule a field examination to determine and confirm the use of the water, and that it meets the permitted beneficial use.

Additionally, during my review of your proof and verification of the required conditions of this permit, I found the department requires that, "Prior to diversion and use of water ..." that fish screens and a lockable controlling device be installed. The field inspector will verify that these requirements have been satisfied.

Also, be advised that Section 42-248, Idaho Code requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office or from the department's website at idwr.idaho.gov.

If you have questions concerning the field examination or the conditions of the permit, please contact the **Eastern** Regional Office of the department in Idaho Falls at (208) 525-7161.

Sincerely,

A handwritten signature in black ink that reads "Deborah J. Gibson". The signature is written in a cursive, flowing style.

Deborah J. Gibson
Administrative Assistant
Water Allocation Bureau
