Re: POU Comaprison

After much research, right 15-7215 original application was for the SWSE for 25.4 acres, but the data entry is in the SESE for 25.4 acres. 15-7215 map and arcview shows the SWSE not the SESE. BUT, the PERMIT for 15-7215 says SESE for 25.4. This needs to be amended during the licensing of 15-7215. So, 15-7293 does not officially have an overlap and it is in the SESE for 40 acres.
