Re: transfer evaluation

This transfer proposes to rearrange the place of use to match the current system as best as possible. This is in reponse to a IDWR NOV. This transfer is to rearrange the acres to the current use. No real hydrologic changes are occurring Eastern Region and the State Office determined that the publication notice was not needed. No advertising was done.

Authority to File:
Applicant is the owner of record as far as the water right decrees.

Water Right Validity:
This water right was decreed in the SRBA in 2002. Air photos from 2006 show it to be irrigated. Forfeiture is not an issue.

Injury to Other Water Rights:
Inside the ESPA area and in Water District 110. No well changes, no groundwater model analysis is needed. Watermaster will comment. This transfer is to rearrange the acres to the current use. No real hydrologic changes are occurring Eastern Region and the State Office determined that the publication notice was not needed. No advertising was done.

Enlargement of Use:
There is no evidence of enlargement of use.

Local Public Interest:
No issues identified.

Beneficial Use / Conservation of Water Resources:
No issue identified.

Review of the application finds there is not clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
