RE: PERMIT NO. 72-16624

Dear Permit Holder:

Enclosed is a copy of the approved request for extension of time submitted in connection with the above referenced permit that extends the time within which to submit proof of beneficial use to **September 1, 2009**. It is important that you work diligently toward the completion of the development during the construction period allowed since the department authority for granting extensions is limited.

The department has granted this extension based on federal agency delay. Please note that the department can grant an extension based on the actual time a federal agency has been involved during the last development period, according to Section 42-204(1), Idaho Code. Your request for a two-year extension appears to only be a portion of the time provided by this statute. If you wish to petition the department for reconsideration of this decision, you must do so in 14-days of the date of this letter.

Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Please contact any office of the department for the proper form to file a change of ownership of a water right and/or a change in the address of the owner.

Please contact me at (208) 287-4942 if you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Deborah J. Gibson". The signature is written in a cursive, flowing style.
