Re: License Nos. 47-7478 & 47-7606

Dear Shelley:

This firm represents the College of Southern Idaho (CSI) with regards to the two water rights listed above. At CSI's request we are filing this letter taking exception to Condition #1 listed on the two licenses that were issued by IDWR on July 24, 2007:

1. The right holder shall not divert water at a rate exceeding what is reasonably necessary for the beneficial use authorized by this right.

CSI does not oppose the condition on 47-7478 if it is limited to the "fish propagation" use. CSI objects to this language as it relates to the "heating" use. If you need additional information or reasons for CSI's exception to the licenses, please advise.

Sincerely,

BARKER ROSHOLT & SIMPSON LLP
