Re: Transfer # 73553

Dear Mr. Lindholm,

Through the processing of your application it has come to our attention you have not paid the sufficient fees for this well to be irrigation. This well was drilled as domestic and therefore was charged \$75 for a permit. The permit for an irrigation well is \$200 and therefore we cannot process this transfer until we receive the additional \$125 to make up the difference. You may contact our office at any time for any question you may have.

The Department will hold further processing of your application for 30 days to allow submittal of the required information. Additional time may be granted by the Department upon receipt of a written request and sufficient justification for an extension. After that time, if adequate information is not received, the Department will issue a preliminary order to reject or deny the application.

Best Regards,
