Subject: Water Right #67-14780 Adams Co Record

Dear Denise,

Your inquiry about the above water right was given to me, as the person responsible for getting the notices published. I have been unable to find that the above notice was printed in The Record. The best explanation I have is that the chaos of getting the paper prepared on the 4th of July coupled with my relative newness in this position caused the notice not to be run. I have since instituted a process that will safeguard against this in the future, including an e-mail response to the sender when I receive a notice.

Please let me know if there is anything I can do.

Thank you,
Ceara

Legal Notice did not run 7/5 + 12.

Resubmitted 8/13/07 to run on
August 16 + 23, 2007.
