**RE: APPLICATION TO LEASE WATER RIGHT NO. 65-2598 TO THE
WATER SUPPLY BANK**

Dear Mr. MacGregor:

The Department of Water Resources ("department") has completed its review of the Application to Sell or Lease Water Right(s) to the Water Supply Bank ("bank"). Based on that review, the department has decided not to accept water right 65-2598 into the bank.

The department sent a letter on June 11, 2007, requesting additional information regarding the usage of this water during the past five (5) years. Because this information has not been submitted, we are unable to process the lease application at this time.

A lease application for this water right may be resubmitted, along with the additional document needed to process it: 1) proof of use of water right, or portion thereof, during the past five (5) years of use. Attach watermaster records, pumping power bills, or other evidence to demonstrate that right has not been lost through abandonment or forfeiture.

If you have questions regarding this matter, please feel free to contact the department.

Sincerely,

Aaron Marshall
Water Allocation Bureau
