Dear Pacificorp:

The department acknowledges receipt of correspondence changing ownership of the above referenced water rights to you. The department has modified its records to reflect the change in ownership for all water rights listed on the application except for Water Right Permit Nos. 21-7363 and 25-7403.

Because water rights #21-7363 and #25-7403 are still in the permit stage, an Assignment of Permit will be required to complete the ownership change for these rights. Enclosed is an assignment form for your use. Because \$25 for each right was received with your notice of change in ownership, no additional fee will be needed to complete the assignments of permit.

We will hold action on the change of ownership of these permits pending receipt of the necessary forms. If we do not receive the forms within 30 days the fee will be returned to you and the ownership change will remain unprocessed.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

for Emalee Rushing, Technical Records Specialist

6. If the change in ownership affects the entire water right for each water right or adjudication claim number listed in item 1, THEN SKIP THIS ITEM AND GO TO ITEM 7. If the change in ownership divides the water right(s) among multiple owners, you must describe, in detail, your portion of each water right after the change. Fill in the appropriate spaces in the box(es) below to describe your water right(s) after the change (one water right per box, you may copy this page as necessary). If your quantity of water is greater than a proportionate split, you must attach documentation to show justification for a larger amount. If you are not sure how to identify your portion of the original water right or adjudication claim records, please contact the nearest IDWR office for assistance.
