PROPOSED CHANGE OF WATER RIGHT

New Union Ditch Co. LLC. of PO Box 31, Eagle, ID 83616 filed application no. 73632 with IDWR to transfer a water right with an 1865 priority date from Boise River totaling 13.76 cfs. The purpose of the transfer is to retire 22.7 acres of irrigation from their Boise River right, and change the nature of use of that portion of the water right to ground water recharge. The ground water recharge will supply mitigation for the evaporative losses from 10 ponds filled with ground water applied for under application for permit 63-31934 and one pond and 4 acres of irrigation supplied by ground water applied for under permit 63-32143. The location of the recharge, ponds and irrigation will be in the Lakeland Village/Lakeland Estates subdivisions and Ulmer Lane Town Homes properties approximately $\frac{3}{4}$ of a miles south of Highway 44 and Highway 55. Please see 63-32143 currently being advertised, and 63-31934 that was advertised on June 3rd and 10th, 2004 in the Idaho Statesman.

For specific details regarding the application, please contact the Idaho Department of Water Resources (IDWR) Western Region at 208-334-2190 or visit www.idwr.idaho.gov with detail provided under "new water right applications". Protests may be submitted based on the criteria of Sec 42-222, Idaho Code. Any protest against the proposed change must be filed with IDWR Western Region, 2735 Airport Wy, Boise ID 83705-5082 together with a protest fee of \$25.00 for each application on or before September 4, 2007. The protestant must also send a copy of the protest to the applicant.
