RE: Water Right Nos. 36-4259 & 36-8523
Change in Ownership Lloyd/Allen (J-35501)

Dear Shellie Georgio:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

__X__ **USDA Farm Service Agency (formerly ASCS) Aerial Photo** with irrigated acres outlined and point(s) of diversion clearly marked

Number 2.D of the Notice of Change in Water Right Ownership form describes the necessary documentation that must be submitted for rights for 10 or more acres of irrigation. Please provide an aerial photo with the irrigated acres outlined & points of diversion clearly marked.

__X__ **Description of Portion of Water Right** resulting from division of water right

The notice for Right 36-4259 identifies the split portion as the entire rate of diversion 4.62 cfs and 350.3 acres of 369.0 acres authorized. The deed submitted identifies 75% of Right 36-4259, or 3.47 cfs and 276.8 acres. Without any additional documentation the split will be made according to the deed conveying the water rights.

Because the Department cannot process the ownership change without proper documentation, we will hold any action on your notices pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notices will not be processed.

Please note that water right owners are required to report any change in water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a $100 late filing fee. Contact any office of the Department or visit the Department's homepage (http://www.idwr.state.id.us) on the Internet to obtain the proper forms and instructions.

Please feel free to contact the Department if you have any questions.

Sincerely,

Pamela S. Skaggs

Pamela S. Skaggs
Sr. Water Resource Agent
