**RE: APPLICATIONS TO THE WATER SUPPLY BANK. WATER RIGHT NOS.
36-15217 AND 36-2069**

Dear Mr. & Mrs. Irwin:

The Idaho Department of Water Resources (department) acknowledges receipt of your application(s) to lease the above referenced water right(s) to the Idaho Water Supply Bank (bank)

During 2006, staff resources at the department were focused on the completion of the Snake River Basin Adjudication (SRBA). As a result, other department functions have not been fully operational, including processing of water supply bank applications. The department apologizes for the delay in processing water bank applications.

A preliminary review of your application(s) has been completed to determine if additional information is required to proceed with processing your lease application(s). Based on this initial review, additional information does not appear to be required at this time though supplementary information may be requested upon further review. If the rights are determined to be eligible for acceptance into the bank and if additional information is not required upon review of the application(s), the rights will be entered into the bank as of the date of receipt of the applications.

Per our conversation today, I am enclosing a Lease Application amendment form to change the lease term to "indefinite". The water right(s) can be released from the bank at anytime by sending a letter of intent to our office. If the water rights are sold, the new owner will need to complete a Change of Ownership form within 120 days of the purchase of the water rights. At that time the water supply bank should also be notified so the new owner can file their intent to leave or remove the water rights from the bank

Please feel free to contact me at (208) 287-5954 if you have any questions regarding this matter.

Sincerely,

Diana L. Ball
Water Allocation Bureau
