PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 61-7712

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to contact you to schedule a field examination to determine and confirm the use being made of the water, and that it meets the permitted beneficial use.

During my review of your proof I found that you stated you have two domestic uses under this permit. However, my review of this permit reveals that it only covers specific uses from storage and irrigation of 80 acres. The field examiner relies on the statements in the proof when examining the water right's uses as completed, therefore, you should verify what water right(s) cover the two domestic uses. You may report your results to the field examiner.

Be advised that Section 42-248, Idaho Code, requires you or the owner of these water rights to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have questions, please contact either the department's **Western** Regional Office in Boise at (208) 334-2190, or me at (208) 327-7953.

Sincerely,

Deborah J. Gibson
