RE: Change of Ownership for Water Right 35-8870 resulting in a split creating water right 35-13621 (Harold Martin) and 35-13622 (Terri Butler)

Dear Mrs. Butler:

The department acknowledges receipt of correspondence splitting ownership of the above referenced water right to you. The department has modified its records to reflect the split and change in ownership. Enclosed please find computer-generated reports for your records and the original letter of confirmation mailed 7/30/2007.

As a result of our telephone conversation 8/2/2007, I updated your address and made a note that the wading pool is no longer in use, however, we would need a notarized statement in order to remove the recreational use from your license. If you would like to pursue the abandonment of the wading pool, please let the Department know, otherwise this will remain on your licensed water right.

Upon reviewing the application you submitted it was noted Carla Martin now owns the property directly north of yours. In order to change water right 35-13621 into Mrs. Martin's name, we do need evidence of ownership such as a deed and the appropriate change of ownership forms. If you now own this property, please submit the proper change of ownership forms and documentation so the change can be updated in the water right record.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Cherie Padilla, Water Resource Agent
Water Allocation Bureau
