**Re:** Telephone Conversation w/ Terri Butler

---

I spoke to Terri Butler regarding questions I had from the letter I sent her 7/30/07, but came back returned due to address change. She informed me they no longer have a wading pool. She also informed me she has 3 houses on her property. In regard to the remaining water right 35-13621 in the name of Harold Martin, she told me the water right should be in her name only, not Carla Martin's per her original ownership change form documents. Informed her we would require a deed conveying that property to her to make the change.
