RE: Assignment of Permit for 96-8777

Dear Water Right Holders:

The Department of Water Resources is in receipt of your Assignment of Permit dated August 21, 2006. In response to this request to assign the permit, the department sent a letter dated January 26, 2007 (copy enclosed) asking for additional information to determine how to split the permit. As of this date no further documentation has been received.

The Department has processed the assignment without splitting the permit by adding Mountain Springs Water Corporation as a current owner along with Gerald and Patricia Lewis. The next step in the permitting process will be completion of a field exam to verify the extent of beneficial use developed under the permit. After the exam, the Department will determine the appropriate way to split the permit and issue a license for each part based on the extent of beneficial use found.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,
