RE: Assignment of Permit for 96-8777

Dear Mr. and Mrs. Lewis:

The Department of Water Resources acknowledges receipt of your Assignment of Permit. Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

☒ **Legal Description of Property**

☒ **Description of Portion of Water Right** resulting from division of water right

Water right 96-8777 has three types of use associated with it as well as numerous places of use. In order to complete the request to apportion part of the water right to Mountain Springs Water we need a description of the property boundaries and the location of Well No. 3. Finally, we need to know if you are assigning irrigation, stock, or domestic water to Mountain Springs.

Because the Department cannot process the ownership change without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that water right owners are required to report any change in water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage (<http://www.idwr.state.id.us>) on the Internet to obtain the proper forms and instructions. Please feel free to contact the Department if you have any questions.

Sincerely,

Cherie Padilla
