RE: Water Right No. 65-3993

Dear Mr. & Mrs. Sobers:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership for the water right referenced above. Upon review of the Well User's Agreement and Warranty Deed, it appears that the Parkers sold a portion of their property to the Starks and also sold a portion of the property to you. The Well User's Agreement Stated "Whereas, Starks has agreed in consideration of the users purchase to locate domestic water source and transmit the said water along users property line". The water right's Authorized use is for a single domestic water right. A water right for a single domestic use cannot be used for multiple homes; the purpose for this limitation is to prevent the enlargement of water use under an established water right

I have enclosed an Application for Permit form for your use to apply for your own water right. If you have submitted a fee with your Notice of Change in Water Right Ownership, you may wish to apply the fee towards a Permit. Please contact this office with your decision within 30 days. After 30 days, the Department will send you a refund for any fee submitted for the change in ownership.

Sincerely,

Kara A Alder
Secretary
