RE: Change in Ownership of Water Right 51-7313

Dear Vic:

Thank you for contacting me today regarding the proof of ownership for Water Right # 51-7313. Per our discussion it appears that the right will need to be split to reflect the land owned by the J.R. Simplot Company. It is likely that the land not included in your deed of sale is owned by the Bureau of Land Management (description below).

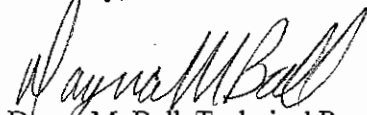

T16S R6E Section 5, NW $\frac{1}{4}$ of the SW $\frac{1}{4}$

T16S R6E Section 6, NE $\frac{1}{4}$ of the NW $\frac{1}{4}$, and the East $\frac{1}{2}$ of the NE $\frac{1}{4}$ of the SE $\frac{1}{4}$

I've included a copy of the field report map from the water right file for your reference. It shows the detailed place of use for the water right. Note that a point of redirection is located in the East $\frac{1}{2}$ of the NESE of Section 6.

The fee for changes resulting from division of a water right is \$100. The original \$25 fee received on March 8, 2007 can be applied toward this fee. A balance of \$75 is needed to complete the split. Because of a backlog of split applications in our office and some recent agent turnover, it may take some time before your application goes through a final review once the fee is received. However, please feel free to contact our office to check on your application of if you have any questions.

Sincerely,

Dayna M. Ball, Technical Reviewer
