NOTICE OF PROPOSED CHANGE TO WATER RIGHTS

Notice is hereby given that several Applications for Transfer have been filed with the Idaho Department of Water Resources for changes to water rights within Minidoka & Cassia Counties. *******RODNEY A. & SHIRLEY S. JENTZSCH and JOSEPH MELYNDA KEARL, 480 E 1500 N; RUPERT ID 83350 have filed Application No. 73432.** Transfer filed to create a 1200 acre permissible place of use with 7 existing groundwater rights to be diverted from 6 existing wells on a farm located 16.2 to 18.2 miles North and 4.75 to 5.75 miles East of Rupert. Transfer proposes diverting 17.4 cfs for the irrigation of 1167 acres within the proposed permissible place of use. *******GLEN &/or ARLENE &/or KREG KOELLING, 2023 E 3600 S; MALTA ID 83342 have filed Application No. 73327.** Transfer changes the place of use of two water rights and the diversion of a combined total of 0.88 cfs and 170. 4 AF from Holt Creek and Cemetery Spring for stockwater and the irrigation of 42.5 acres in T16S, R26E, Sections 26 and 27 directly south to a permissible place of use of 74.9 acres in T16S, R26E, Sections 22 and 23. Location is approximately 21 miles south and 2 miles west of Malta, which is about 1 mile north of the Idaho/Utah border near Stanrod. *******DANFORD L. & SHAUNNA CRANE II, 3772 N 3600 E; KIMBERLY ID 83341 have filed Application No. 73369.** This application proposes to change the use of 0.44 cfs and 84.8 acre feet of ground water from the irrigation of 31.2 acres of land to stockwater and commercial uses in a new dairy to be built on the same farm. One existing well and one new well will supply water to the proposed dairy. The dairy will be located about 6 miles south and 1/2 mile east of Murtaugh, Idaho. Three water rights with priority dates from 1929 to 1952 will be modified if the transfer is approved. *******BARBARA E GARDINER, 1750 S HWY 81; MALTA ID 83342 and PETER J. & SYLVIA T. GRUSH, 2025 S HWY 81; MALTA ID 83342 and RALPH WALLIN JR FAMILY INTER VIVOS TRUST, PO BOX 243; GRACE ID 83241 have filed Application No. 72433.** This application proposes to tie two adjacent farms together under a common irrigation system so that the existing wells can be used with maximum efficiency. The well on the north farm no longer produces enough water for proper irrigation, so sharing the wells on the other farm will negate the need to drill another well on the north property. The land is located about 4 1/2 miles south and 6 1/2 miles east of Malta. *****For specific details regarding an application, please contact IDWR Southern Regional Office at 208-736-3033 or visit the website for the Department at <http://www.idwr.idaho.gov/apps/ExtSearch/WRFiling.asp> Protests may be submitted based on the criteria of Sec 42-222, Idaho Code. Protests against approval must be filed with IDWR, Southern Region, 1341 Fillmore St.-Suite 200; Twin Falls, ID 83301 with a protest fee of \$25.00 for each application on or before August 20, 2007. The protestant must also send a copy of the protest to the applicant.
