RE: App For Transfer 72803

Dear Travis;

Today I met with Gary Funderburg regarding the removal of certain BLM land from the proposed place of use for the above-referenced application. Gary provided a copy of your undated letter to the BLM specifying which tracts you intended to remove. We already had a letter from the BLM stating that they would drop their protest of this transfer based on the removal of those same tracts; the two letters agree in this regard. Based on this, I have removed these tracts from the proposed place of use, and have removed the tracts from our ArcView shape file of your service area.

Before the application can be forwarded to our Boise office for final action, we need a letter from you requesting that the proposed change be made to your application. A copy of the ArcView shape file showing how the application will look after the changes is enclosed for your information.

Regards,

James E. Stanton
Sr. Water Resource Agent
