

MEMORANDUM

Date: June 29, 2007
To: Water Right File 77-7161
From: cpadilla
Re: Permit Review

Not in a WD

Approval letter submitted by IDEQ, USDA and IF&G.

Applicant has solicited comment by FERC and no further action is needed.

Idaho County sent opportunity to protest and no response received back from them.

Stream channel alteration conditions added as suggested by Chris Welker, also added conditions 077 to address fire protection, 004, 029 (to comply w/ F&G requirements), 195-198 (to comply w/ Wild and Scenic condition memo), 17M, 17K, 025, 08A, 01N (for power use).
