PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 63-32010

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

You requested that the measurement device and lockable controlling works requirement condition for this permit be waived. Please supply me with a letter from the water master for water district 95 agreeing that this condition is unnecessary. Upon receipt of that agreement, the department can review your request. If approved, the department will issue an Order waiving the measurement device and lockable controlling works requirement from this permit.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have questions concerning the field examination, please contact the **Western** Regional Office in Boise at (208) 334-2190.

Sincerely,

Brian Cox
