Re: transfer evaluation

This transfer proposes to rearrange the place of use acres to the current system. They received a notice from IDWR that they are irrigating acres not within their place of use.

Authority to File:
Applicant is the owner of record as far as the SRBA decree.

Water Right Validity:
This water right was decreed in the SRBA in 2002. Air photos from 2006 show it to be irrigated. Forfeiture is not an issue.

Injury to Other Water Rights:
Inside the ESPA area and in Water District 110. There is no well change, no groundwater model analysis is needed. Watermaster will comment.
Transfer will be advertised to determine any protests.

Enlargement of Use:
There is no evidence of enlargement of use.

Local Public Interest:
No issues identified.

Beneficial Use / Conservation of Water Resources:
No issue identified.

Review of the application finds there is not clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
